ONE PAGE SUMMARY

About

I am S. Ravikrishna, currently pursuing a B. Tech final year in Computer Science and Engineering with CGPA of 8.0. I bring a solid academic foundation and hands-on experience from internships at 1STOP and CODSOFT. Skilled in C, JAVA Programming as well as web development, I thrive in java and enjoy tacking problem-solving tasks.

Intern & Projects

Internship	Description	Duration	company
Web Development Internship	Developed a job portal website using HTML, CSS, PHP, and MySQL	3 months	1STOP
Front-End Development Internship	Developed a simple landing page, portfolio website, and calculator	1 month	CODSOFT

MY OBJECTIVE

I'm here to learn about new technologies and get advice for my upcoming projects. I'm excited about the advice and help I will get during this journey. I want to get hands-on experience with advanced technologies. and to learn more and get better at what I do, so I can work on projects that will really boost my career. My current goal is to do projects on JAVA PROGRAMMING.
